

# ASHA SCHOOL PORTAL

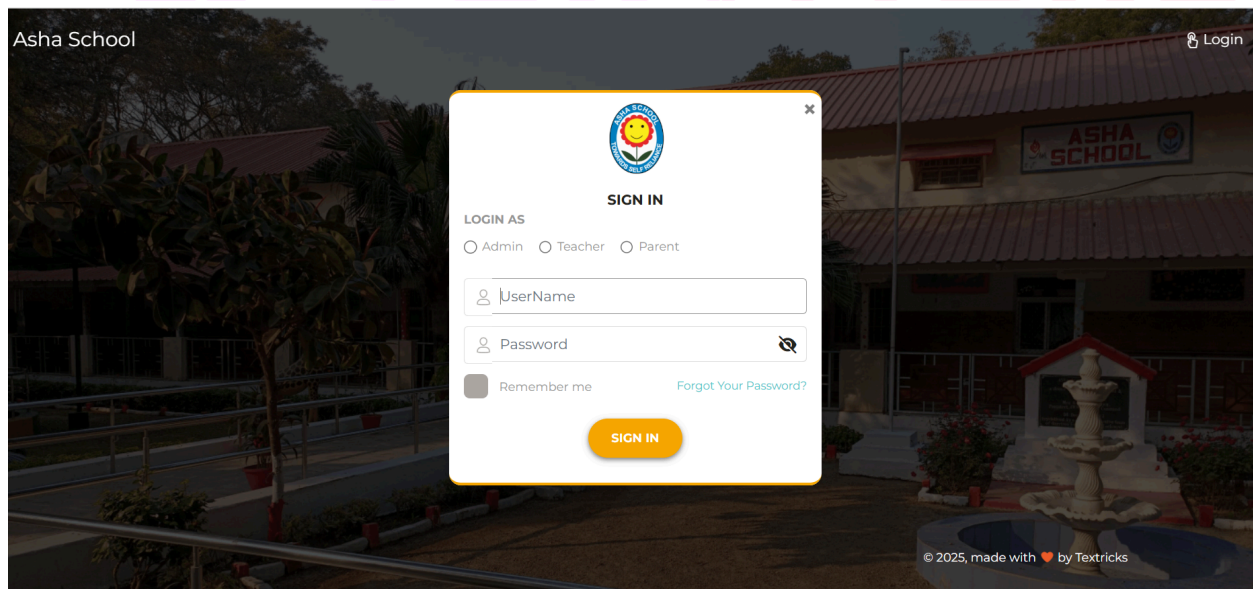

## Introduction to Asha School Portal

**Asha School Portal** is a comprehensive digital platform designed to manage special student information, leave process, fee processes, administrative tasks, and communication between teachers, parents, and administrators.

The portal is divided into multiple modules and sub-modules, each designed to simplify daily school operations.

## Login Page:

The **Asha School Portal Login Page** serves as the secure entry point for all users, providing a clean and role-based login experience. The interface is designed to be simple, accessible, and user-friendly so that admin, teachers, and parents can easily sign in and access their respective dashboards.

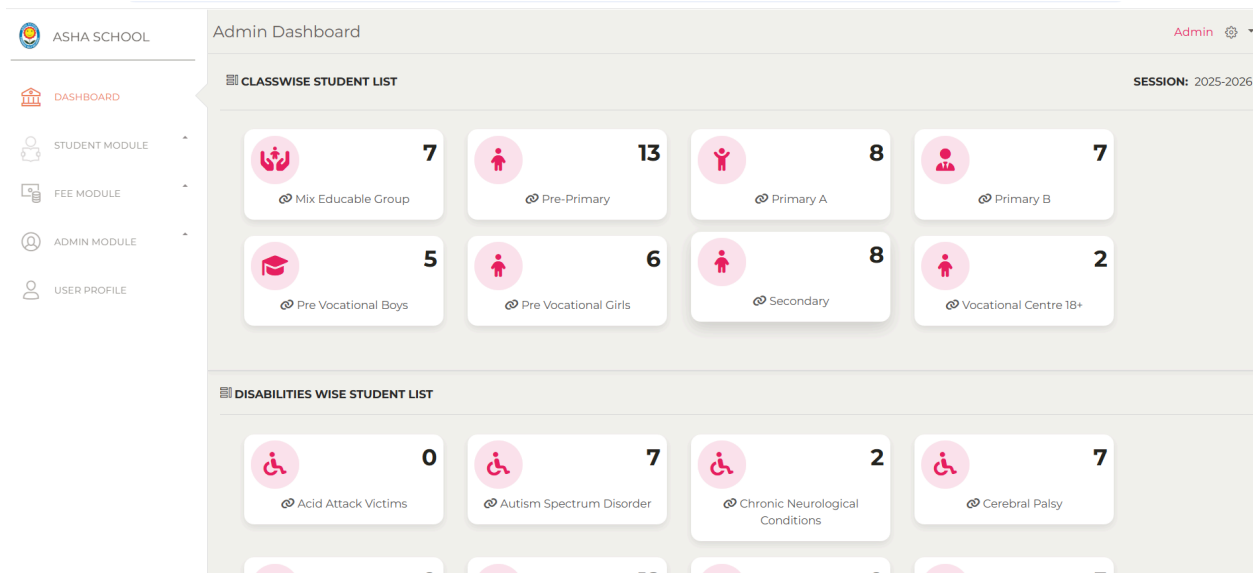

## Key Highlights

- Role Selection: Admin, Teacher, Parent – ensures correct dashboard access.
- Simple Login Form: Username, Password with visibility toggle
- Forgot Password: Quick access to reset credentials.

## Module 1. Dashboard

The dashboard provides quick access to student statistics using interactive cards.

1. **Class-wise Student Cards** – Shows class and student count, redirecting to filtered list.
2. **Disability-wise Student Cards** – Shows disability type and count, with filtered student list on click.
3. Teachers can see students related to their assigned class only.
4. Parent's Student Cards with student class time table - redirecting to filtered student's list where parent can view his/her student details.

## Module 2. Student Module

### Sub-modules included in Student Module:

1. Student Admission
2. Student Register
3. Archived Students
4. Student Leave
5. Student Reports
6. Therapy Videos

### 2.1 Student Admission
